Cape Town is a true fan favorite, with its exciting Mediterranean vibe, amazing culinary scene, beautiful Cape Dutch architecture, thriving art community, and successful sports teams – all set to the backdrop of iconic Table Mountain and the turbulent waters of the Atlantic Ocean. It is no wonder it is called The Mother City. This vibrant, trendy city has broad appeal. Local attractions include Table Mountain, Robben Island, the V&A Waterfront, Bo-Kaap, boutique shops, numerous museums, wineries, and world famous restaurants. For those venturing beyond the city, the Cape Winelands and Cape Peninsula are a day trip away.

Cape Town's rich cultural heritage dates back more than 300 years and its diversity is evident in the city's architecture, art, and food. It is the second most populous city in South Africa and sits at the southwest tip of Africa.

There are 28 rooms, including a spectacular one bedroom penthouse. Each room has been individually designed and decorated by the stylish wand of owner Liz Biden. Colourful and eclectic pieces juxtapose the modern, industrial architecture. Each room has a private balcony and a unique collection of contemporary African art.

Day 6 - 9 | Sabi Sand Game Reserve

Area Overview

The Sabi Sand Game Reserve, named for the Sabie and Sand Rivers which flow through it, is renowned for its wildlife density and predator interactions; seldom will a visitor not see the Big Five. Although it shares a fenceless boundary with Kruger National Park, much of the wildlife in the Sabi Sand stays more or less in the reserve. Over the years, the animals have become used to the presence of safari vehicles, resulting in close encounters, particularly with the elusive leopards.

Roaming packs of African wild dogs, territorial lions, and large herds of elephants are also signature sightings. As well as having a consistently high density of wildlife, the reserve's conservation ethos keeps vehicle numbers to a minimum at wildlife sightings. This offers a more exclusive safari experience while ensuring the welfare of the habituated animals. Being in the private reserve generally affords more flexibility with opportunities to off-road, enjoy night drives and bush walks, all of which make visiting this area a truly unique experience.

Day 6 - 9 | Singita Boulders Lodge

Singita Boulders Lodge is found on the boulders-strewn banks of the Sand River. The lodge provides a continuous connection with the prolific wildlife and birdlife for which Sabi Sand is so well known.

Day 13 | Tour Of The Falls

Activity overview

It's a truly awe-inspiring experience – the sight, the sound, the smell; the humbling feeling that here indeed is nature's supreme masterpiece. No photograph can begin to depict the reality...and nothing prepares you for your first sight.

The Victoria Falls – now in its 150 millionth fantastic year – reaches its zenith around May each year.

Day 13 | Tour Of The Falls

This tour is conducted in the morning and afternoon. En route, clients may be taken past the 'Big Tree,' where they may stop and take photos. Clients will be accompanied through the rainforest by qualified guides who will give a brief history of the Falls themselves as well as detailing the flora, fauna, birds, wildlife, and other points of interest. Guides are also happy to assist clients with photographs whilst visiting this most spectacular of waterfalls. Raincoats are provided when needed.

Day 14 | 12/13 Minute Helicopter Flight Of Angels

Activity overview

The spectacular helicopter flight over the Victoria Falls is known as the 'Flight of Angels'.

David Livingstone famously wrote on seeing the Victoria Falls for the first time in 1855 that, "Scenes so lovely must have been gazed upon by angels in their flight". Little did he know that 150 years later he could have exactly that opportunity. The best way to appreciate the true splendour of the Victoria Falls is to view them from the air. The helicopters have specially designed 'bubble shaped' windows perfect for panoramic viewing and great photographic opportunities from all seats.

Due to the close proximity of Maramba Aerodrome to the Zambezi River, the helicopters are over the spectacular scenery of the Zambezi River within 30 seconds after take-off.

After take-off, the helicopter turns out towards the magnificent Victoria Falls, and the pilot will fly left and right hand circuits over the Victoria Falls in both directions giving you the best viewing, photographic, and filming opportunities. A trip up the Zambezi River and back over the Zambezi National Park completes your flight.
